

CargoSmart Invoices and Payment

CargoSmart Invoices and Payment provides centralized visibility to your invoices and tools to improve your payment process with your carrier.* You can search for invoice details, view carrier charges, and print invoices that have been uploaded to your account. Payment Instructions lets you communicate to your carrier how you intend to make a payment on selected invoices. Your carrier processes your checks or electronic transfers against invoices indicated in your instructions, reducing the need for follow-up calls and e-mails.
