

## CargoSmart Rates of Exchange

CargoSmart Rates of Exchange lets customers who process internal invoices, bill their clients, or settle freight charges look up currency exchange rates by carrier, vessel name, voyage, port, and bound. Users can access rates in their local currencies online, instead of having to frequently call their carriers for the information.

### Business Benefits

- Access exchange rates anytime and from anywhere - you only need an Internet connection
- Minimize calls to your carriers to save time and costs

### Key Features

- Search for rates based on carrier, vessel name, and bound
- Filter search by specific voyage code or port of call
- View local currency rates by specific trade
- Rates can be converted from U.S. Dollars (USD) to local currencies or from local currencies to USD
